Dear Barry and Rupert

I wanted to drop you both a line to thank you very much indeed for all your tremendous hard work and support throughout the recent projects. Both the management of the project and the cost control have been an important reason for the project being so successful.

To be able to report that the project was both on time and within a £7.5m budget has been a tremendous boost to us all.

I look forward to a long and continued relationship with you both, and thank you once again for the significant part that you both played in this project.

Yours sincerely

MARK TAYLOR
