Dear Barry,

Human Impact Building, The Living Rainforest – QS Services

This is a brief note to thank you for your excellent work on our recent Millennium Commission funded Human Impact building.

We are very pleased with the end result and would like to congratulate you on the fact that your early cost estimates were so accurate. This was extremely important for our small charity, as a cost over-run could have been highly detrimental to the future trading position of our educational charity and visitor centre.

As a result, we would be pleased to consider your firm again for the next EC-funded phase of The Living Rainforest's redevelopment programme.

With many thanks,

Yours sincerely,

Karl Hansen
On behalf of the Trustees
