Dear Rupert

Kent Institute of Art & Design

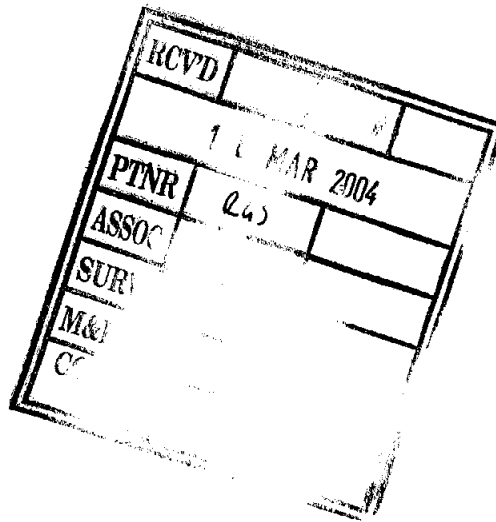

I thought it worth recording that, while we have had our disagreements through the course of the project, I have been immensely impressed by the way you have managed the contract. Spectrum have been an extremely difficult contractor to deal with, but you have nursed, cajoled and guided them with fantastic diligence. We may, at the end of the day, be disappointed with aspects of the product, but I find it hard to imagine that the client could have been better served by the contract administration.

Best wishes

Charles Thomson
